## OVERVIEW

SPB Geo Game is a Mobile game which will help you improving your geographical knowledge and fill your free time. The database includes general information about capitals and flags of all countries.

### Software Features

#### Educational Tool

Do you know what Tuvalu is? Well, it is a country, and SPB Geo Game will show you where it is located. What about the Christmas Island flag, can you recall the way it looks? Educate yourself and widen your horizons by playing the Geo Game. This one minute game will help to improve your geographical competence and entertain you on the go

#### 3D Globe

SPB Geo Game will show you where your correct answer city of country is located on the animated 3D Globe. SPB's 3D Globe is a fun educational tool, when playing the Geo Game.

#### Quick and Easy

In our mobile world we have only few minutes to play when we are in a queue or waiting for a bus. SPB Geo Game is coffee break game that will only take a couple of minutes to play. One tap to start with no configurations needed.

#### Animated Transitions

This feature is implemented in the 3D Globe screen.

## INSTALLATION

Installation of SPB Geo Game is a very simple process and takes less than five minutes to complete. The following installation guide will help you.

### System Requirements

Make sure your system meets the following minimum requirements before installation.

- Windows Mobile 5 Phone Edition  
Windows Mobile 5 Pocket PC  
Windows Mobile 6 Classic  
Windows Mobile 6 Professional  
Windows Mobile 6.1 Classic  
Windows Mobile 6.1 Professional

### Installing

After you have downloaded the SPB Geo Game distribution file you should install it to your device. For a successful installation you will need a device attached to your Windows desktop PC. You will also need [Microsoft ActiveSync](#) software in order to install SPB Geo Game to your device.

When you run the software installer on your desktop PC it will ask you to accept the license agreement and will start the installation program. You will be prompted for the location where you want the software to be installed.

Note: Microsoft ActiveSync works only with Windows XP SP2 or earlier. If you have Windows Vista, your synchronization settings will be managed through the Windows Mobile Device Center. Windows Mobile Device Center is available through the [Windows Mobile Device Center page](#).

### Registration

You will be able to use SPB Geo Game for 5 runs starting from the first game. If you have not registered SPB Geo Game after the end of 5 runs, you will need to do so to continue using it.

To obtain the serial number you need to purchase an SPB Geo Game software license. You will receive your serial number by e-mail.

### Uninstalling

To remove the product from your Device:

1. Go to Start menu > Settings
2. Open System and tap on Remove Programs
3. Select SPB Geo Game from the list and tap on the Remove button
4. Choose Yes to confirm removing

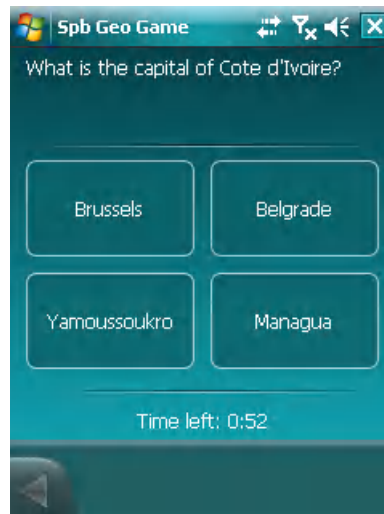

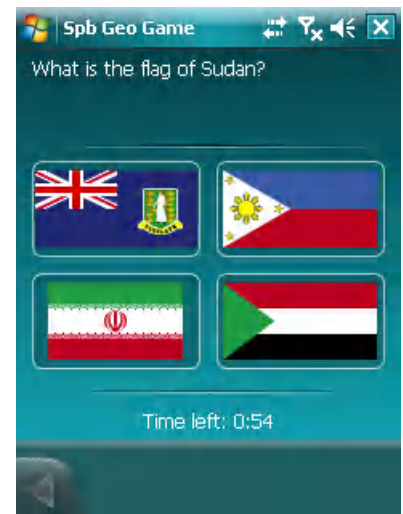

## USING SPB GEO GAME

After SPB Geo Game is installed on your device it is ready to use. Go to Start > Programs > Games > SPB Geo Game to launch the program.

- Start by selecting the game mode (Capitals or Flags).
- Answer the question within 1 minute. You can see the time left at the bottom of the screen.
- The points are scored as follows: 100 point for correct answer at first try, 25 point for the second try, 6 points for the third, and 1 point for the fourth.
- The right answer location is shown on a 3D globe.
- From the game main menu you can access the game options, register SPB Geo Game, and view About.
- In the game options you can enable or disable the animated 3d globe and change the game language.
- You can quit the game at any moment using the Go Back button.

### Note

You need to restart the game after changing the game language to apply the new changes.

## TECHNICAL SUPPORT

This chapter contains technical support information. It includes all the information you need to assist you.

### About The Trial Version

The trial version of SPB Geo Game includes all of the features available in the registered version. The trial version expires after 5 runs. You can use the trial version only to check how SPB Geo Game works. In order to keep using the software you need to purchase the license. There is no need to re-install the SPB Geo Game in order to use the full version.

To obtain the serial number you need to purchase SPB Geo Game software license. You will receive your serial number by e-mail. For more information please visit our web site at: <http://spb.com/support/general.html>

### Contacting Technical Support

Please take advantage of one of the SPB software free technical support options:

- Consult the help installed with your program. From any of SPB Geo Game screens select Help menu item from the Start menu.
- Refer to the Frequently Asked Questions (FAQs) in the Support section of the SPB software web site. The FAQs may have information and helpful hints that are more current than the user manual: <http://spb.com/pocketpc-software/geogame/faq.html>
- Ask your technical question here: <http://spb.com/pocketpc-software/geogame/support.html>.

Please include the following information to help us isolate the problem:

1. The type of the device that you are using.
2. The software name and version number. Select Menu > About... to view the software name and version number (example: SPB Geo Game, version 1.0, Build 95).
3. Any error messages that accompany the problem.
4. A brief description of how we can recreate the issue.
